DELHI PUBLIC SCHOOL
SUSHANT LOK-GURUGRAM

GENERAL GUIDELINES

- The last date to register for the event is **11:59 PM, 1 August 2026**. You can email participants' names on ruchika.thukral@dpssl.net
- Selected participants and house wardens are requested to join [Discord server](#) and keep checking our [Discord server](#) for information and updates regarding the event.
- Any act of indiscipline/misdemeanour/plagiarism by the participants may lead to disqualification.
- The event schedule and rules shall be intimated to the participants ([Discord server](#)) and house wardens.
- The decision of the judges will be final and binding.
- The prompts for all the events will be released on the nCrypt discord server and PDF will be given to house wardens.
- Be kind to all fellow participants and respect the spirit of the competition.

EVENTS

1. nCreate

Eligibility: IX-XII

Teams per house: 1

Members per team: 4

- The participants will have to use their creative and design knowledge to solve the problem statement provided.
- Participants will be required to present their designs and pitch them by explaining its conceptual background & designing process on **12 August 2026**.
- The prompt for the same will be released on **1 August 2026** the nCrypt [Discord server](#).
- **Learning Resource:** [nCreate Learning](#)

2. nCoris

i) On-Spot Storyboard photography (Offline)

Eligibility: IX - XII

Teams per house: 1

Members per team: 2

- The event will be held offline on **11 August 2026**.
- Each team will be given a topic for which they have to click 3-5 pictures adhering to each other to form a story along with captions in the given time limit
- Each team will be required to carry their own DSLR Camera

Use of dslr is compulsory

Learning Resource: [nCoris Photography LR](#)

ii) Filmmaking (Online)

Eligibility: IX - XII

Teams per house: 1

Members per team: 4

- The entries of films will be online and participants will be required submit their film on **10 August 2026** (submission on anshu.rani@dpssl.net)
- The prompt for the same will be released on the nCrypt [Discord server](#).
- **Films exceeding the time limit will be disqualified**
- Further information will be released on **1 August 2026** on the [Discord server](#).

Pl. contact -

Teacher Incharge Ms. Anshu Rani 95824 00761 (Submission to be done on anshu.rani@dpssl.net)

3. dCrypt

Eligibility: Open

Teams per house: 1337

Members per team: 1

- A 24-hour cryptic hunt that will put the challengers' cryptography, intellectual and analytical skills to the test.
- Platform and other Details will be released on the [Discord server](#).
- The participants will compete live from **12:00 am 1st August 2026 to 12:00 am 2 August 2026**.
- **Learning Resource:** [dCrypt Learning](#)

4. Enigma

Eligibility: IX-XII

Teams per house: 1

Members per team: 2

- The event will be in offline mode, will be held on **12 August 2026**
- An Offline Quiz and Crossword competition testing challengers analytical ability and technical knowledge.
- Further information will be released on **1 August 2026** on the [Discord server](#).
- **Learning Resource:** [Quiz Learning](#)

5. nQuest

Eligibility: IX-XII

Teams per house: 1

Members per team: 2

- The participants will have to use their instincts, reaction time, and muscle mind coordination to win games across different platforms.
- This event will have multiple rounds, and the teams will be rewarded points based on their performance in the rounds.
- **Round 1** will be held on **11 August 2026**.
- **Round 2** will be held on **12 August 2026**.
- Further information will be released on the [Discord server](#)

Learning Resource: [Gaming Learning](#)

6. nCubed

Eligibility: IX - XII

Teams per house: 1

Members per team: 2

Guidelines & Round Details

nCubed is a competitive speedcubing event designed to test participants' speed, dexterity, and problem-solving abilities.

The participants will be timed on the **Classic 3x3** Rubik's cube.

The competition will be held on **11 August 2026**.

Further information will be released on the [Discord server](#)

7. nExpress

Articulate, analyse, and debate! nExpress is a high-impact Group Discussion (GD) competition designed to test public speaking, critical reasoning, and impromptu analytical skills. Participants will engage in constructive discourse on complex modern dilemmas.

Eligibility: IX – XII

Teams per house: 1 (Final round representation)

Members per team: 2

Learning Resource: [nExpress Learning](#)

Guidelines & Round Details

Format: A two-tier competition starting with an open screening video round followed by an on-stage live Group Discussion face-off.

Judgement Criteria: Content knowledge, clarity of thought, articulation, body language, and respectful listening/rebuttal dynamics.

Round 1: Preliminary Video Screening

Entries: Open to 8 entries per house. The official topic/prompt for the screening round will be released on the [Discord server](#) on **1 August 2026**.

Submission Deadline: Teams must submit a short video entry addressing the prompt by **5 August 2026**. The top-performing one student from each house will qualify to represent their house in the finals.

Round 2: The Live Group Discussion (Finals) on 11 August 2026

The shortlisted finalist teams will face off in a live, moderated Group Discussion round to determine the ultimate winners.

8. nCode

Put your syntax, logic, and debugging skills to the ultimate test! nCode is a fast-paced competitive programming challenge modeled after industry-standard platforms like HackerRank. Teams must think algorithmically to write clean, efficient, and error-free code under a strict ticking clock.

- Eligibility:** IX - XII
- Teams per house:** 1
- Members per team:** 2

Learning Resource: [nCode Learning](#)

Guidelines & Event Details

- Format:** A live, automated coding challenge. On the day of the competition, teams will be unlocked access to a customized contest on Hackerrank containing **10 coding problems** of varying difficulty.
- Execution:** Code submissions will be evaluated automatically in real-time against multiple hidden test cases.
- Judgement Criteria:** Points will be dynamically calculated based on the number of successfully solving and the time taken to submit correct solutions.

Competition will be held on **12 August 2026**.

DELHI PUBLIC SCHOOL
SUSHANT LOK-GURUGRAM

9. LineFollower

The competition challenges students to design, build, and program an autonomous robot capable of navigating a designated black-lined track on a contrasting background in the shortest possible time.

Eligibility: Grades IX–XII

Teams per House: 1 team

Members per Team: 2 students

Robot Technical Specifications

- The robot must be completely autonomous once started. Remote controls or external communication devices are strictly prohibited.
- The robot must be powered by on-board batteries.
- The robot must fit within a maximum footprint dimension of **25 cm × 25 cm × 25 cm** at the start of the run.
- The maximum weight of the robot must not exceed 2kg.

Game Play & Arena Rules

- The track will consist of a black line (typically **1.5 cm to 2.5 cm wide**) on a white background. It may include sharp turns, curves, intersections, and loops.
- Each team will be given a maximum of **2 official runs**. The best (shortest) time out of the two runs will be considered for the final score.
- A maximum time of **3 minutes** is allowed per run to complete the course.

Competition will be held on **11 August 2026**.

DELHI PUBLIC SCHOOL
SUSHANT LOK-GURUGRAM

10. Robo Soccer

The **RoboSoccer** competition tests the engineering, control accuracy, and tactical skills of students as they pilot their custom-built robots in a fast-paced football match. The objective is to outmanoeuvre the opponent's bot and score the maximum number of goals within the given time limit.

Eligibility: Grades IX–XII

Teams per House: 1 team

Members per Team: 4 students

Robot Technical Specifications

Control Mechanism: Robots can be controlled via wired or wireless communication (Bluetooth, RF, etc.). If wireless, teams must ensure their frequencies do not interfere with others.

Power Source: The bot must be powered by an on-board battery pack. Maximum voltage limit is 16V DC (4S)

Size & Weight Restrictions: The robot must fit inside a standard sizing box (e.g., **30 cm × 30 cm × 30 cm**) at the start of the match. The maximum weight must not exceed **5 kg**.

Mechanism Restrictions: The robot can have mechanisms to push, kick, or trap the ball. However, gripping or holding the ball completely underneath the chassis to prevent opponents from accessing it is strictly prohibited. Mechanisms must stay within the size limit at all times, whether deployed or retracted.

DELHI PUBLIC SCHOOL
SUSHANT LOK-GURUGRAM

Roles & Zones:

Each team fields one Attacker and one Defender. Roles are declared before kick-off and are fixed for the duration of the match.

Attacker: May move anywhere on the field. May not enter the opposing team's penalty zone (30 x 20 cm arc in front of the opposing goal).

Defender: Restricted to own half and own penalty zone. May not cross the centre line.

Competition will be held on **12 August 2026**.
